#### Product Description

This OEM timing chain cover for the 2019-2021 Ford Ranger 2.0 T8 (part number JB3Q6019BA) is an exact-match replacement cast from durable aluminum. It features the original sealing surface for proper fitment of crankshaft and timing sensors. The cover effectively shields timing components from dirt, oil splash, and road debris while maintaining proper oil containment. Pre-installed threaded inserts and alignment dowels simplify installation. Each unit undergoes rigorous inspection for cracks, warping, or porosity before shipment. Note: Gaskets and bolts are sold separately.

#### Packaging Information

Selling Units: Single item

#### Frequently Asked Questions

##### Q: Will this cover fit my 2020 Ranger 2.0 4x4?

A: Yes. JB3Q6019BA is the correct Ford part number for all 2019-2021 Ranger 2.0 T8 variants (2WD & 4WD).

##### Q: Does the cover come with gaskets or bolts?

A: No, it is supplied bare to keep cost down. You can reuse your original bolts if undamaged, or order the Ford gasket set separately (part #CV6Z-6020-A).

##### Q: Why is my old cover leaking oil?

A: Most leaks stem from gasket shrinkage or cover porosity. Replace the cover and install a new gasket with proper torque sequence (10 N\*m + 90°) to eliminate future leaks.
