45046-09281 Outer Tie Rod End for Toyota Hilux Vigo Fortuner

Our Product Introduction

Basic Information

- Place of Origin: Shanghai, China
- Brand Name: TUNEMOUT
- Certification: ISO9001
- Model Number: 45046-09281
- Minimum Order Quantity: 10
- Price: USD2.5-4/ pc
- Packaging Details: 30X10X10 cm
- Delivery Time: 1-2 weeks
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,
- Supply Ability: 10000 units per week

Product Specification

- Quality: High Performance
- Color: Original Color
- Car Model: TOYOTA
- Brand Name: TUNEMOUT
- Application: Auto Steering Parts
- Warranty: 12 Months

Product Description

Product Description

The outer tie rod end referenced by OE 45046-09281 is a front steering linkage component for selected Toyota Hilux Vigo and Fortuner applications. It connects the tie rod to the steering knuckle, allowing steering movement to reach the wheel while accommodating joint articulation.

This product is suitable for OE-based steering parts enquiries from distributors, wholesalers, retailers and aftermarket businesses. It can be included in mixed orders alongside inner tie rods, ball joints, suspension bushes and other passenger car or truck parts.

OE Number

45046-09281

Other OE Cross References

45046-09280, 45046-09310.

Match catalog references to the original tie rod end and vehicle specification before ordering.

Product Name

Outer Tie Rod End / Track Rod End

Category

Steering Parts / Tie Rod Ends

Vehicle Application

Toyota Hilux / Hilux Vigo: selected GGN, KUN, LAN and TGN applications.

Toyota Fortuner: selected GGN50/60, KUN5/6, LAN50 and TGN51/61 series applications.

Application varies with vehicle version and steering specification. Please provide the original OE number or VIN/frame number for matching.

Key Features

Outer joint connecting the tie rod to the steering knuckle.

Ball joint design that accommodates steering and suspension movement.

Threaded tie rod connection used for steering linkage adjustment.

OE reference for matching replacement steering components.

Technical Specifications

Item	Specification
OE reference	45046-09281
Product type	Outer tie rod end
Vehicle brand application	Toyota
System	Steering
Fitting position	Front axle, outer steering linkage
Main application families	Hilux Vigo, Fortuner

Function

The outer tie rod end carries movement from the tie rod to the steering knuckle. Its joint allows angular movement while maintaining the connection between the steering linkage and wheel assembly. Wheel alignment should be checked after steering linkage replacement.

Packaging

Packaging, labels and carton quantities are confirmed according to the quoted order. Please specify your packing requirements with your enquiry.

FAQ

Q1: Is 45046-09281 a rack end?

No. It identifies an outer tie rod end. The inner rack end is a separate steering component.

Q2: Can I order inner and outer tie rods together?

Yes. Send the required OE numbers and quantities so the items can be matched and quoted together.

Q3: Are small-quantity or mixed-item orders supported?

Yes. We support mixed-item sourcing, with the MOQ and available quantity for each product confirmed in the quotation.

Q4: What information is needed for a quotation?

Please provide the OE number, quantity, vehicle details where available, destination and packing requirements. Price and lead time are confirmed for the order.

Why Choose Us

Established relationships with automotive parts factories.

Steering and suspension parts sourcing across multiple product categories.

Support for small-quantity, mixed-item orders.

Product enquiries handled by OE number and vehicle application.

Supply coordination for distributors and aftermarket businesses worldwide.
