Product Description

Product Description

The suspension bush referenced by OE 48654-0K040 is used at the front mounting position of the front lower control arm on selected Toyota Hilux Vigo and Fortuner applications. It provides a cushioned mounting connection that allows controlled suspension movement while helping isolate vibration.

This product is a replacement bush for control arm servicing. We support OE-based enquiries for suspension bushes, ball joints, steering links and other automotive parts, including small-quantity, mixed-item orders for customers worldwide.

OE Number

48654-0K040

Other OE Cross References

486540K040 is the same OE reference written without a hyphen.

Related aftermarket catalog references: FEBEST TAB-367, TD1729W and CTR GV0719.

Product Name

Front Lower Control Arm Front Bush / Suspension Arm Bushing

Category

Suspension Parts / Control Arm Bushes

Vehicle Application

Toyota Hilux / Hilux Vigo: selected GGN, KUN, LAN and TGN applications.

Toyota Fortuner: selected GGN50/60, KUN5/6, LAN50 and TGN51/61 series applications.

Confirm the original OE number and mounting position. The front and rear bushes of a lower control arm are separate parts.

Key Features

Fits the front mounting position of the front lower control arm.

Cushioned interface that permits controlled movement at the mounting point.

Helps reduce vibration transmitted through the suspension connection.

Individual bush format for control arm repair and parts replacement.

Technical Specifications

Item	Specification
OE reference	48654-0K040
Product type	Control arm bush
Vehicle brand application	Toyota
System	Front suspension
Control arm position	Lower arm
Bush location	Front mounting position
Main application families	Hilux Vigo, Fortuner

Function

The bush provides a mounting point between the lower control arm and its supporting structure. Its flexible element accommodates limited movement and helps cushion vibration while locating the control arm within the suspension assembly.

Packaging

Packaging type, identification labels and carton quantities are confirmed with the quotation. Please advise any specific packing requirements when enquiring.

FAQ

Q1: Is this bush for the front or rear suspension?

It is for the front lower control arm, at that arm's front mounting position.

Q2: Is it the same as 48655-0K040?

No. These numbers identify bushes at different mounting positions on the front lower control arm.

Q3: How can I confirm the correct bush?

Provide the original OE number, VIN/frame number and mounting position. Photos and measurements of the original bush can help identify the required specification.

Q4: Can I include this item in a mixed order?

Yes. We support small-quantity, mixed-item orders. Send your parts list for confirmation of quantities, MOQ, pricing and lead time.

Why Choose Us

Cooperation with multiple automotive parts factories.

Suspension and rubber parts sourcing by OE reference.

Support for small-quantity, mixed-category purchasing.

Passenger car and truck parts supplied through one sourcing contact.

Export order coordination for customers worldwide.
