

45503-0K070 Inner Tie Rod for Toyota Hilux Revo Fortuner

Our Product Introduction

Basic Information

- Place of Origin: Shanghai, China
- Brand Name: TUNEMOUT
- Certification: ISO9001
- Model Number: 45503-0K070
- Minimum Order Quantity: 10
- Price: USD2.5-3/ pc
- Packaging Details: 50X30X35 cm
- Delivery Time: 1-2 weeks
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,
- Supply Ability: 10000 units per week

Product Specification

- Quality: High Performance
- Color: Original Color
- Car Model: TOYOTA
- Brand Name: TUNEMOUT
- Application: Auto Steering Parts
- Warranty: 12 Months

Product Description

Product Description

The inner tie rod referenced by OE 45503-0K070 is a steering rack end for selected Toyota Hilux Revo and Fortuner applications introduced from 2015. It forms the connection between the steering rack and outer tie rod, transmitting steering movement through the front wheel linkage.

This product is intended for OE-based steering repair enquiries and aftermarket parts supply. We support distributors, wholesalers, retailers and aftermarket businesses with passenger car and truck parts sourcing, including small-quantity, mixed-item orders.

OE Number

45503-0K070

Other OE Cross References

45503-0K130.

Match the catalog reference to the original rack end and steering rack specification.

Product Name

Inner Tie Rod / Steering Rack End / Axial Joint

Category

Steering Parts / Inner Tie Rods

Vehicle Application

Toyota Hilux / Hilux Revo: selected GGN1, GUN1, KUN1, LAN125 and TGN1 series applications introduced from 2015.

Toyota Fortuner: selected GGN155/165, GUN15/16, KUN156/165, LAN155 and TGN156/16 series applications introduced from 2015.

Please confirm the original OE number or provide the VIN/frame number. Vehicle name and year alone may not identify the correct steering rack version.

Key Features

Inner rack-end component for selected Hilux Revo and Fortuner steering systems.

Threaded connection between the rack end and outer tie rod.

Articulating joint that accommodates movement in the steering linkage.

OE reference for identifying the required replacement part.

Technical Specifications

Item	Specification
OE reference	45503-0K070
Related OE reference	45503-0K130
Product type	Inner tie rod / rack end
Vehicle brand application	Toyota
System	Steering
Fitting position	Front axle, inner steering linkage
Main application families	Hilux Revo, Fortuner

Function

The inner tie rod transmits movement from the steering rack to the outer tie rod. The complete linkage transfers steering input to the wheel assembly, while the rack-end joint accommodates the required articulation during steering and suspension travel.

Packaging

Packaging type, labels and carton quantities are confirmed according to the quoted order. Please specify your packing requirements with your enquiry.

FAQ

Q1: Is this intended for Hilux Vigo or Hilux Revo?

This reference is associated with selected Hilux Revo applications introduced from 2015. Confirm the original OE number and steering specification for the vehicle.

Q2: Is it interchangeable with 45503-09320?

Do not select between these rack ends by appearance alone. They are associated with different application families; match the original OE number and supplied specification.

Q3: Can it be combined with other steering parts?

Yes. Send the OE numbers for the related tie rod ends, ball joints or other components, together with the required quantities.

Q4: How do I obtain pricing, MOQ and lead time?

Send your parts list, quantities, destination and packing requirements. We support small-quantity, mixed-item enquiries and confirm commercial details in the quotation.

Why Choose Us

Established cooperation with multiple automotive parts factories.

Steering, suspension and other automotive categories sourced together.

Support for small-quantity, mixed-item purchasing.

Product matching using OE numbers and vehicle information.

Export order coordination for customers worldwide.
