Product Description**26300-35505 Engine Oil Filter for Hyundai Vehicles****Product Description**

The engine oil filter referenced by OE 26300-35505 is a service replacement component for selected Hyundai engine applications. It filters particles from circulating engine oil to support the lubrication system during normal vehicle operation. JUNBO supplies oil filters and other maintenance parts for distributors, wholesalers, retailers and aftermarket businesses worldwide. This item can be included in small-quantity, mixed-category orders alongside air filters, fuel filters, brake parts and other automotive components.

OE Number

26300-35505

Other OE Cross References

26300-35503, 26300-35504.

These related catalog references should be matched to the original filter and engine specification.

Product Name

Engine Oil Filter / Replacement Oil Filter

Category

Filters / Engine Oil Filters

Vehicle Application

Hyundai: selected engine applications using OE 26300-35505 or a confirmed applicable replacement reference.

Please provide the original OE number, vehicle model, model year and engine details to confirm the correct application.

Key Features

Engine oil filtration component for routine vehicle servicing.

Replacement filter identification based on the original OE reference.

Suitable for maintenance-parts sourcing and mixed-item purchasing.

Engine-specific matching support for wholesale enquiries.

Technical Specifications

Item	Specification
OE reference	26300-35505
Product type	Engine oil filter
Vehicle brand application	Hyundai, selected applications
System	Engine lubrication
Service position	Engine oil filtration circuit
Matching information	OE number, engine details and original filter specification

Function

The oil filter removes particles carried by the engine oil before the oil continues through the lubrication circuit. Correct filter selection and replacement according to the vehicle's service schedule support routine engine maintenance.

Packaging

Packaging type, labeling and carton quantities are confirmed with the quotation. Please include your packing requirements when submitting an enquiry.

FAQ**Q1: Is this an oil filter or a fuel filter?**

It is an engine oil filter. Fuel filters and air filters are separate service items.

Q2: Can this filter be used on every Hyundai vehicle?

No. The correct filter depends on the engine and original filter reference. Send your OE number and engine details for matching.

Q3: Can I combine this product with other auto parts?

Yes. We support small-quantity, mixed-item orders. The MOQ and available quantity for each item are confirmed in the quotation.

Q4: How can I obtain pricing and delivery information?

Send your OE list, required quantities, destination and packing requirements. Pricing and lead time are quoted according to the order and supply availability.

Why Choose Us

Established cooperation with multiple automotive parts factories.

Support for small-quantity, mixed-category orders.

Passenger car and truck parts sourcing through one supplier.

Product matching based on OE numbers and vehicle information.

Export order coordination for customers worldwide.
